

# THE FINE PRINT

HERE COMES ALL  
THE LAWYER SHIT!

**▲ BE CERTAIN YOU HAVE READ AND UNDERSTAND THE MANUAL ACCOMPANYING THIS SHEET BEFORE USING THIS PRODUCT. FAILURE TO DO SO CAN RESULT IN PROPERTY DAMAGE, SERIOUS INJURY, AND/OR DEATH. USE EXTREME CARE AND CAUTION WHEN HANDLING ANY FIREARM AND SILENCER.**

**AMMUNITION:** For optimal performance with Q silencers and firearms it is recommended that you always use quality, factory loaded ammunition. Each ammunition type will have a different performance based on the projectile velocity, barrel length of the firearm, and shooting conditions.

**SILENCERS:** Q silencers are designed to reduce the sound pressure of its compatible cartridges to below 140dB, which is the OSHA standard for "Hearing Safe" sound pressures for Impulse or Impact noise. Hearing damage is cumulative - exposure to longer duration noise may require the use of additional hearing protection to maintain a "Hearing Safe" level, even if the noise level is below 140dB.

**▲ READ AND FOLLOW ALL PRODUCT INSTRUCTIONS AND WARNINGS.**

**LIMITED WARRANTY:** Q warrants that the enclosed product was originally manufactured free of defects in workmanship or material and that the product meets manufacturing specifications at the time of manufacture. This warranty is limited to the repair or replacement of the product. No implied warranties of any kind are made herein and this warranty does not apply to any accessory items attached or appurtenant to the silencer device or firearm. Q MAKES NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. Product technical specifications and/or designs may be changed without notice. This warranty does not cover negligence, misuse, careless or improper handling, and/or operation, abuse, unauthorized adjustments or modifications, improper mounting/installation, ordinary wear and tear, the failure to follow manufacturer instructions, and/or the use of inappropriate or defective ammunition.

**▲ ONLY USE FACTORY CERTIFIED SAMMI / C.I.P. APPROVED AMMUNITION WITH Q SILENCERS AND FIREARMS.**

**WARRANTY REPAIRS/RETURN OF DAMAGED SILENCERS AND FIREARMS:** If a silencer or firearm is damaged due to a manufacturing defect once it has been fired, it may be returned to Q for repair or replacement. Determination to repair or replace is made solely at the discretion of Q and only after Q has had the opportunity to examine and determine that the cause of damage is due to manufacturer defect. It is the responsibility of the customer to cover shipping costs and insurance to return any product to Q for inspection or repair. Q will pay any reasonable shipping and insurance costs to return the product to the customer. To ensure proper legal procedures for any NFA item repair returns, the customer should complete and provide a copy of the General Service Form with any packages sent to us. (For CUSTOMER SUPPORT/RETURN & REPAIR POLICIES please contact 603.294.0047). BATFE no longer requires transfer on a Form 5 to the manufacturer for repair. BATFE does require a letter accompanying the product detailing the repairs or modifications required. BATFE requires proof of ownership satisfied by a photocopy of the front of the owner's form 3, 4, or 5. NOTE: For silencers, BATFE prohibits transferring the serial number to a new outer tube in the case of damage to the tube. Tube damage rendering the silencer unsafe to use will require a new silencer.

Q SHALL HAVE NO LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES AND UNDER NO CIRCUMSTANCES WILL Q BE LIABLE FOR PERSONAL INJURY, PROPERTY DAMAGE, OR ECONOMIC LOSS. This warranty and disclaimer is subject to all applicable laws, some of which may limit these terms.
